Phone: 7748893097 | 9131782103

Address: In Front of Shindhu Bhawan, Gondia Road, Balaghat

Modules	Topics	Tasks	Projects
8	141	152	10

1. HTML5

Topics: 35 | Main task/project: Netflix Website

No.	Topic	Task / Project
1	Introduction Introduction	Practice task
2	Editors(VS CODE) Editor	Hello World Program
3	Basic Structure Basic	Hello World Program
4	Doctype Doctype	Basic Resume Info
5	Elements Elements	Basic Resume Add details
6	Attributes Attributes	Basic Resume Image
7	Headings Headings	Essay Writing Using HTML
8	Paragraph Paragraph	Essay Writing Using HTML
9	Text Formatting Formating	Apply All Formatting
10	Comments Comments	Section Comments
11	Semantics semantic	5 Full Form and One Song
12	CSS Style Style	Link CSS To HTML
13	Links Links	IG, FB,Google Link
14	Image Image	Adding Image in HTML

No.	Topic	Task / Project
15	Favicon Favicon	Adding Favicon
16	Phone and Email Link Email	Link Phone And Email
17	Marquee Marquee	Football Animation
18	Lists Lists	List of Movies
19	Table Table	Database of Friends
20	Block & Inline Block & Inline	Layout
21	Iframe Iframe	4 Web Page in one Page
22	Audio Audio	Audio Add in Web Page
23	Video Video	Video Add in Web Page
24	Document Document	Document Add in Web Page
25	Google Map Map	Map Add in Web Page
26	Youtube Video Yt Video	Yt Video Add in Web Page
27	Class Class	Style Page Using Class
28	ID Id	Nav Bar Project
29	Entities Entities	Create Copyright Footer

No.	Topic	Task / Project
30	Symbols Symbols	Link Phone And Email
31	Emojis Emojis	Create Emoji Web Page
32	Form Form	Registration Form
33	Head Head	ShortCut of Head
34	Viewport Viewport	Responsive Website
35	Summary of Html Summary	Questions and doubts

2. CSS3

Topics: 31 | Main task/project: Portfolio Website

No.	Topic	Task / Project
1	Introduction Intro	Practice task
2	Syntax Syntax	Colorful Web Page
3	Selectors Selectors	3 Box Using Differents color
4	Comments Comments	Using Comments in CSS
5	Colors Colors	Creating Rainbow Name
6	Background Background	Using Background in CSS
7	Borders Borders	Creating Status Boxes
8	Padding Padding	Google Front Page
9	Margin Margin	Google Front Page
10	Box Model Box Model	Mathometies Calculation
11	Text Text	Write ABCD in Cursive Writing
12	Fonts Fonts	Using Google fonts
13	Icons Icons	Social Media Icons
14	Table Styling Table	Style a Table

No.	Topic	Task / Project
15	Box Shadow Box Shadow	3 Boxes Using Shadow
16	Display Display	Using Display Option
17	Position Position	Sticky menu and Whatsapp
18	Gradients Gradients	National Flag
19	Float Float	3 Section with Float Image
20	Z-Index Z-index	Book Effects
21	Object-fit Object fit	Images Objects Fits
22	Pseudo-class P-class	Use of Pseudo Class
23	Pseudo-Elements P-elements	Use of Pseudo Elements
24	2d Transformation 2d Transform	All Effects Use
25	3d Transformation 3d Transform	All Effects Use
26	Transition Transition	All Effects Use
27	Animation Animation	Creating Something
28	Media Media	Screen type styling effect
29	Flexbox Flexbox	Keyboard

No.	Topic	Task / Project
30	Grid Grid	Grid Practicale
31	CSS Summary Summary	Questions And Dubtes

3. Basic Javascript

Topics: 35 | Main task/project: Portfolio Website

No.	Topic	Task / Project
1	JS Introduction JavaScript Introduction	JS Web Page
2	JS Where To JavaScript Where To	JS Web Page
3	JS Output JavaScript Output	JS Web Page
4	JS Statements JavaScript Statements	JS Web Page
5	JS Syntax JavaScript Syntax	JS Web Page
6	JS Comments JavaScript Comments	JS Web Page
7	JS Variables JavaScript Variables	JS Web Page
8	JS Let JavaScript Let	JS Web Page
9	JS Consts JavaScript const	JS Web Page
10	JS Operators JavaScript Operators	JS Web Page
11	JS Arithmetic JavaScript Arithmetic	JS Web Page
12	JS Assignment JavaScript Assignment Operators	JS Web Page
13	JS Data Types JavaScript Data Types	JS Web Page
14	JS Functions JavaScript Function Study Path	JS Web Page

No.	Topic	Task / Project
15	JS Objects JavaScript Objects	JS Web Page
16	JS Events JavaScript Events	JS Web Page
17	JS Strings JavaScript Strings	JS Web Page
18	JS Arrays JavaScript Arrays	JS Web Page
19	JS Numbers JavaScript Numbers	JS Web Page
20	JS Maths JavaScript Math Object	JS Web Page
21	JS Random JavaScript Random	JS Web Page
22	JS Comparison JavaScript Comparison Operators	JS Web Page
23	JS If else JavaScript else Statement	JS Web Page
24	JS Switch JavaScript Switch Statement	JS Web Page
25	JS Loop For JavaScript for Loop	JS Web Page
26	JS Loop While JavaScript While Loop	JS Web Page
27	JS Loop Do While JavaScript While Loop	JS Web Page
28	JS Typeof JavaScript typeof	JS Web Page
29	JS Type Conversion. JavaScript Type Conversions	JS Web Page

No.	Topic	Task / Project
30	JS Scope JavaScript Scope	JS Web Page
31	JS Hoisting JavaScript Scope	JS Web Page
32	JS Strict Mode JavaScript "use strict"	JS Web Page
33	JS this Keyword JavaScript this in Objects	JS Web Page
34	JS Classes JavaScript Classes	JS Web Page
35	JS Summary	JS Web Page

4. Advance Javascript

Topics: 15 | Main task/project: Quiz Game

No.	Topic	Task / Project
1	JS Introduction + Output console.log(), getElementById(), innerText	Dynamic Name Change
2	Variables, Let & Const let, const, innerHTML, addEventListener()	Theme Switcher
3	Operators & Data Types , -, *, /, %, typeof	Simple Calculator
4	Functions & Events function, return, addEventListener()	Button Click Counter
5	If-Else & Comparison if, else, >=, <=	Age Verification App
6	Switch & Loops switch, for, while	Multiplication Table Generator
7	Strings & Arrays length, split(), join(), push(), pop()	Text Formatting
8	Array Methods & Objects map(), filter(), push(), object	To-Do List
9	Math & Random Math.random(), Math.floor()	Number Predication Game
10	DOM Manipulation querySelectorAll(), forEach(), display	Image Gallery
11	Forms & Validation event.preventDefault(), value, if-else	Storage Login Form
12	Timers & Countdown setInterval(), Date()	Age Calculator
13	Search & Filtering filter(), input event	Product Search
14	Mini Portfolio Project classList.toggle()	Skills & Projects Toggle

No.	Topic	Task / Project
15	Final Challenge event listeners, arrays, if-else	Quiz Game

5. React JS

Topics: 15 | Main task/project: Live Link Generation

No.	Topic	Task / Project
1	React Intro & Install npm start, File Structure	Hello World App
2	JSX (HTML in JS) Writing HTML inside JS	Personal Bio Page
3	Functional Components Creating & Importing Components	Simple Button Component
4	Props (Passing Data) Passing data Parent to Child	Student ID Card
5	Events Handling onClick, Alert Message	Click Me Button
6	useState Hook (Intro) State, useState Hook	Simple Counter (+/-)
7	Handling Input (Forms) onChange, Value binding	Live Text Mirror
8	Conditional Rendering Ternary Operator (condition ? yes : no)	Show/Hide Text Button
9	Simple Lists (Arrays) map() function	Fruit List Display
10	CSS in React className, Inline Styles	Colorful Cards
11	Props Drilling (Practice) Reusing Components with different data	Product Price Display
12	useEffect (Very Basic) document.title change	Auto Update Title
13	Adding Images & Icons Importing Images, React Icons	Photo Gallery
14	Simple Project Assembly React Routing	Review Previous Topics

No.	Topic	Task / Project
15	Build & Deploy npm run build, Netlify/Vercel Upload	Live Link Generation

6. Backend

Topics: 10 | Main task/project: Program

No.	Topic	Task / Project
1	React JS Set Up	Program
2	React JS Basics	Program
3	Tailwind CSS	Program
4	Tailwind CSS Setup With React JS	Program
5	Node JS Set Up	Program
6	Node JS Basic	Program
7	Mongo DB Set Up	Program
8	Mongo DB Connectivity	Program
9	React Nodejs Mongodb Connection	Program
10	Final Full Stack Project	Program
